Getting your MRI or MRA

- Our office will obtain prior authorization from your insurance for your procedure
- The imaging facility will be contacting you to schedule your appointment for your MRI or MRA
- When you have scheduled your appointment, please contact our office
 - We will schedule you to see the doctor to go over the results
 - Your appointment will be scheduled to allow time for the radiology department to get us the films and report
 - Some radiology facilities may require you to hand carry the films and/or report to us
 - We will not call you with your results or discuss them on the phone
